HSK Level IV

The HSK (Level IV) assesses test takers' abilities in the application of everyday Chinese. It is the counterpart of the Level IV of the Chinese Language Proficiency Scales for Speakers of Other Languages and the B2 Level of the Common European Framework of Reference (CEF). Test takers who are able to pass the HSK (Level IV) can converse in Chinese on a wide range of topics and are able to communicate fluently with native Chinese speakers.

The HSK (Level IV) is intended for students who have studied Chinese 2-4 class hours per week for four semesters (two academic years). These students have mastered 1,200 commonly used words and related grammar patterns.
